1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	**PythagoreanTriple**	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
None	Create a for loop from 1 to 100 for value A, inside the loop create another loop for B with the same values so that for each instance A will loop through all values of B. Calculate whether the sum of A^2 and B^2 create a value C^2 in which the square root of C^2 is an integer.	Pairs of A and B that produce a sum C in which all are integers.
